**RE: Your Correspondence of June 30, 2010, House Ethics Committee
Representative Phil Hart's Answer to the Complaint
filed by Minority Leader Representative Rusche**

Dear Chairman Loertscher:

I am enclosing herewith my Answer to the referenced complaint issued by Minority Leader Representative Rusche and mailed to me on June 30, 2010. In the interest of due process, I sent a letter dated July 7, 2010 seeking clarification of the generic complaints lodged by Rep. Rusche. However, I did not receive a response to this letter. Starr Kelso, my attorney, spoke with Brian Kane, the Committee's attorney, and was advised by Mr. Kane that a letter of clarification was being forwarded from you. Mr. Kane was asked to ascertain the status of any such clarification, and was going to get back to my attorney.

Should you be able to elicit clarification and specificity from Rep. Rusche regarding his generalized complaints based upon "news accounts", "appearances", and "perceptions" I will be more than glad to respond. And in accordance with House Rule 76, I hope that I would have the opportunity to respond in writing to any refinement of the charges prior to any hearing with the Ethics Committee.

As is well known across our great state, I am an ardent supporter of our Constitutional Rights and responsibilities. Likewise I equally support our legislature and its procedures. Ethical issues, no matter whether they are small or large, valid or invalid, are critical to our process and to the fundamental rights of all Idaho's citizens.

I disagree with the assertions of the charging letter. Nonetheless, I respect Representative Rusche's right as Minority Leader to raise any issue of concern. I have no hesitancy in accounting for, and defending, all of my actions as an elected representative of District 3.

I am, however, concerned that anyone could choose to base an ethics complaint upon what "appears" from "recent news accounts." If the legislature were to convene an ethics committee each time a news account infers, implies, or even accuses one of its members of some inappropriate action we would literally have no time to attend to the peoples' business.

I hope that when this proceeding is through the legislature gives due consideration to requiring that in the future all ethical complaints be clear and specific, and not based upon rumor, news accounts, and innuendo.

Very truly yours,

Representative Phil Hart
